Nearly half of the 120 credits needed to earn a BBA come from outside of business.

Credits completed and still need to complete a BBA

Credits completed and still needed from business/economics courses

Credits completed and still needed from courses that are neither business or economics

You will see these courses in other areas on the DARS as well (Pre-Bus and Liberal Studies), but you will only need to fulfill each requirement once.

This is the area where a grade is normally assigned after a course is completed. The "T" indicates that this course was transferred in and therefore no grade was assigned, but credit is still earned.

- 1) Must complete one course designated as Communications Part A (identified by 'a' in the Timetable), or be exempt through UW Placement Test.

- 2) Must complete one course designated as Literature (identified by 'L' in Timetable).

- 3) Must complete one course designated as Communications Part B (identified as 'b' in Timetable).
