Note: If your top choice program is more competitive, you should also rank programs that are listed as competitive or less competitive.

Exchange vs. Provider & Direct Enroll

Bilateral Exchange Programs:
- You "swap seats" with a student from abroad.
- A limited number of spaces on each program generally increases competition depending on the number of applicants in the pool.

Provider and Direct Enroll Programs:
- These programs have more spaces; therefore they are less competitive.
- Competitiveness does not correlate with quality.
