

# Are You Good at Math?

---

---

## Actuarial Science May Be the Career for You

---

---

An actuary is a professional business executive who applies mathematics and statistics to the design and management of insurance and pension systems. Contact your mathematics teachers or guidance counselor for more information.

### **Actuarial Science Scholarship University of Wisconsin - Madison**

A scholarship of \$2,000 per year for four years is available for study in actuarial science at the University of Wisconsin-Madison. The award will be given to a high school senior on the basis of mathematical aptitude and expressed interest in an actuarial career. The scholarship is renewable from year to year subject to satisfactory academic performance and continued interest in actuarial science.

**The due date for applications is March 1, 2019.**

The scholarship is made possible through the support of the insurance companies and consulting firms who partner with our actuarial science program.

For additional information, contact your guidance counselor or check online at <http://bus.wisc.edu/bba/academics-and-programs/majors/actuarial-science>
